Allowable Subject Matter

1. Claims 5-14 are allowed.
2. The following is an examiner's statement of reasons for allowance: In the response filed 10/31/2003, applicant canceled claims 1-4 and amended claim 5. In the previous office action only claim 4 was rejected, and now that it is canceled, no rejections remain. The examiner performed an updated search of the prior art of record, however no new relevant art was found. Therefore, the instant claims 5-14 are now allowable over the prior art of record as the prior art of record fails to teach or suggest to one of ordinary skill in the art to prepare a photosensitive resin comprising a xanthene dye having its absorption maximum at a wavelength of 500 to 600 nm and a pirazolone azo dye having its absorption maximum at a wavelength of 400-550 nm.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
